Summary

Motivated and dedicated second-year student pursuing a Bachelor of technology (B. Tech) in Electronics and Communication Engineering at ABES Engineering College. Possessing a good foundation in HTML, CSS and SQL, I am eager to leverage my skills and passion for technology to contribute to a dynamic team and gain practical experience in the field.

Project

1. Developed a fully functional ecommerce website, replicating the Flipkart interface, using HTML and CSS
2. Designed and build a tribute website, showcasing proficiency in HTML and CSS.
3. Create a personal portfolio website from scratch, highlighting web development skills while effectively presenting personal achievements and projects.
